Thank you for completing this report and for undertaking external examining duties for the University.

Additional notes:

1. External Examiners' reports are an important part of the University's quality assurance and enhancement systems. Upon receipt, they are scrutinised by the QAS before being circulated to the Dean of Faculty. Where reports cover collaborative provision, they are also circulated to the HE Managers of the relevant partner institution(s).
2. Where External Examiners' have examining responsibilities for both undergraduate and postgraduate provision and thus attend Subject Boards in different periods of the academic year, they are reminded to provide additional comments in an addendum or in a separate report.
3. If QAS identifies any matters of particular concern, or requiring immediate attention, an urgent response will be requested from the faculty and/or partner institution. Similarly, it would be most helpful if you could identify any matters which you believe are particularly urgent or important.
4. The faculty and/or partner institution will provide a formal response to you within approximately eight weeks of receiving your report.
5. You have the right to raise any matters of serious concern with the Vice-Chancellor by means of a separate confidential written report.
